About Me

Dear Sir/Madam, Best regards My name is Ali Moeini, and I am 27 years old. I have been working in front-end design and coding for over 2 years. During this time, I have gained proficiency in various front-end programming and markup languages, including HTML, JavaScript, TypeScript, React.js, and Next.js. I am constantly learning new things. I am very interested in growing alongside a team and achieving more successful projects. With the experience I have gained over the years, I have the ability to implement responsive components and PWA web applications, collaborate with back-end teams to integrate APIs and services such as REST API and GraphQL, use Git and Azure DevOps for version management and collaboration, and design and implement user interfaces using CSS and libraries like Bootstrap, AntDesign, and TailwindCSS. I am always working on improving my skills. Thank you very much for taking the time to review my resume. I am sincerely eager to collaborate and gain experience alongs
